

Naveen Saxena

🏠 Belgium - ☎️ +32 466432259 ✉️ naveensaxenaabes@gmail.com
Current Company – Infosys - Senior Consultant – Testing Advisory

Summary

12 Plus years of industry experience as a testing evangelist where delivered and managed the testing portfolio of 52 applications as leader, and established the testing center of the excellence for top 500 fortune companies in which improved the automation effectiveness and improved the quality by reducing the defect slippage by implementing the DevOps & Shift Left strategy

Recommendations

“Working with Naveen was a brilliant journey where his leadership skills helped my portfolio to deliver quality. For us, he acted as a single source of trusted solution, often thinking out of the box. He took ownership from planning to delivery, where his technical skills came handy to take right calls at the right time. I found him very supportive & approachable to his team as well.”
He is truly an asset for any organization who are looking for leaders, managers, or team members”

“Naveen ’s aptitude to lever multiple projects & Portfolios was unlike any I have observed before and made a pleasing increase in client confidence and smoother project delivery. Much impressed by his ability to deal even with the toughest clients – effortlessly. That skill often takes years to develop among consulting professionals, but it seemed to come naturally to him. He will be a great asset.”

“Naveen is an engaging and professional consultant who has brought a high level of expertise to a complex and fast-paced environment. His organizational and management skills have helped me in all aspects. Naveen is a great team member, passionate leader, good mentor and above all, a nice person. He is hardworking and highly dependable- who takes initiative and shows great commitment to his job and role. He is an asset to any project team, and I wish him a great career ahead.”
